

MASTER POOLS GUILD, INC.  
INTERNATIONAL

# Master Pools Builders

The Master Pools Guild is a global network of elite custom pool builders whose mission is to create the finest pools in the world. The secret to achieving this goal is simple—members freely share ideas and information with each other.

Membership is by invitation only and is earned by topping the A-list of custom builders in a respective area. Established in 1962 by builders from across the continental United States, the Guild is now the largest international network in the industry with over 115 members in Australia, Canada, Costa

ABOVE: Perched on a peak in the sun-warmed Californian hills, this vanishing-edge pool seems to defy gravity itself. *Photo courtesy of Master Pools Builder: Symphony Pools, Simi Valley, California*

LEFT: This volcanic vista is incredible—but when viewed looking across the vanishing edge from the shallow lagartero of this beautiful penthouse pool, it is breathtaking! *Photo courtesy of Master Pools Builder: Watermania S.A., Guatemala*

This classic pool and spa creation is the ideal entertainment setting. As you descend its grand entrance, your mind creates images of sophisticated evening cocktail events and daytime family frolics. *Photo courtesy of Master Pools Builder: Gib-San Pools, Toronto, Ontario, Canada*

This pool and spa blend seamlessly with the elegant décor of the room and home—complementing the intrigue of the spiral staircase on its reflective surface. *Photo courtesy of Master Pools Builder: Falcon Pools, Surry, United Kingdom*

The raised spa entertains you with its bold blue ceramic color and overflowing water that is dependent on exacting engineering. Top this with unique sun-screens and you have an award winning pool creation that captivates you. *Photo courtesy of Master Pools Builder: Cookes Pools & Spa, Victoria, Australia*

Rica, Dominican Republic, England, Guatemala, Hawaii, Mexico, New Zealand, Spain, South Africa, and across the United States.

Guild members are craftsmen who are continually consulting with one another on creative designs, construction techniques, and technology. They are professionals committed to conducting business according to the Guild Code of Ethics that embraces integrity, good business practices, and respect for the rights of clients, employees, and suppliers.

At the Guild's Awards of Excellence annual contest, members receive an infusion of new ideas while benchmarking

their work with their peers. Frequent meetings and vendor seminars ensure that members keep up with the latest trends. They continually push the limits of imagination and

innovation in meeting their clients' dreams, confident in the fact that regardless of any artistic or technical challenges that may arise, they have incredible resources at their disposal—namely each other. Individually, each builder is extremely talented and experienced in building pools, indoors and out. Collaboratively, however, their expertise is virtually unmatched. When a pool is designed and built by a Master Pools Guild Builder, one can rest assured that it is, indeed, built by a master. ❖
